"QUEERBASHING"

THE POLICE RESPONSE - THE GAY RESPONSE

Every day Gay men are attacked and beaten up simply because they are Gay. Some attacks result in serious injuries - some attacks result in MURDER.

When Gay men ask for help from the Police, the requests are often ignored or not taken seriously. When a man who escaped from some "queerbashers" on Clapham Common made a 999 call the police did not respond. One hour later a man was murdered at the same place.

Attacks on Gays are increasing all the time - what do we do?

A Public Meeting about attacks on Gays, the lack of police response and how Gays should react to these attacks.

Speakers will include GAY MEN, NEWHAM SEVEN DEFENCE CAMPAIGN, LAMBETH POLICE COMMITTEE SUPPORT UNIT.
